

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every international industry. Transporting industrial goods takes place every day on our hectic world. First innovated as industrial vehicles during the 1930s in the U.S., lift trucks gained recognition after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread globally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's first forklift. Throughout the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started building lift truck manufacturing locations outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures various models of industrial lift trucks with over 50 years of accumulated technology and expertise, making their products recognized and used all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading company.
